

Facebook Offers Tab

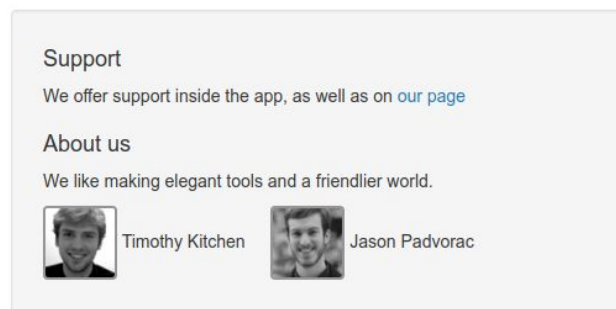

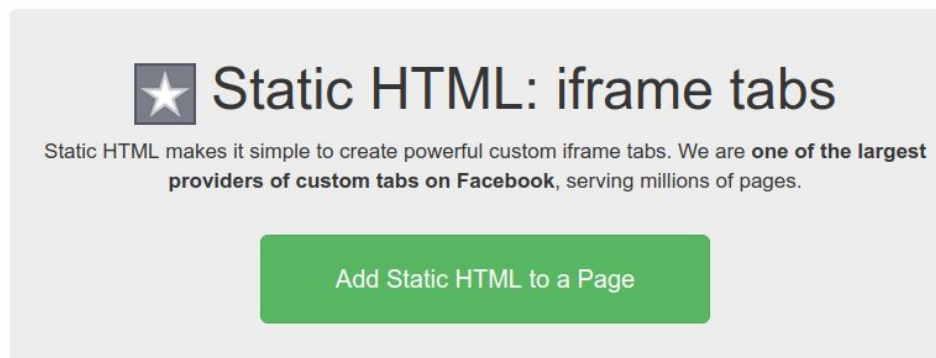

How-To

Go to the page you want to add the tab to and search for “Static HTML iFrame tab”. Click on the Static HTML iFrame by Woobox and add the app to your page, then click Install Page Tab.

Click the 'Add Static HTML to a Page' button.

[privacy policy](#)

Select the page you want to add the app to .

Add Page Tab

Select the Facebook Pages to add
Static HTML: iframe tabs
to:

Facebook Pages ▼

Add Page Tab

Cancel

If you see this error, it means that the page doesn't have enough followers to qualify to add Facebook Apps.

Error

This page does not have permission to install the custom tab.
